What do you think?
Tourism

1. Tourism is a major cause of environmental damage.
2. The rise of budget airlines has made travel too commercialized.
3. Travelling should be seen as a luxury, not a necessity.
4. Overtourism is ruining popular tourist destinations.
5. Solo travel is more rewarding than group travel.
6. Airbnb has a negative impact on local housing markets.
7. Space tourism is a waste of resources and money.
8. Voluntourism (volunteering while travelling) is a form of exploitation.
9. Travelling to remote, underdeveloped areas does more harm than good.
10. Cultural appropriation by tourists is an unavoidable consequence of global travel.
11. Digital nomadism is a sustainable lifestyle choice.
12. People should only travel to countries with strong human rights records.
13. Travelling by train is more eco-friendly than flying.
14. Travel bloggers and influencers have a negative impact on local communities.
15. The experiences gained from travelling abroad are more valuable than those from staying at home.
