

**Word search -  
past forms  
A2-B1**

## How to use this worksheet

1. Look at the list of verbs in the present tense.
2. Find all their forms in the word search (present, past and past participle). The words can go across → or down. ↓
3. Write the 2nd and 3rd forms of each verb in the table.
4. Challenge yourself! Make one sentence with each verb in the Past Simple.

**IMPORTANT!** If a verb has identical forms (like put-put-put or understand-understood-understood), it only appears once in the grid to keep things clear.

Have fun & see how many you can find!
